LEGAL REPORT FROM JORGE LOPEHANDIA'S CHILEAN ATTORNEY

December 22, 2014

Mountainstar Gold is pleased to present an update from Jorge Lopehandia's Chilean lawyer. Please note that Spanish/English does not always translate perfectly.

Together with my greetings I am coming to authorize you to translate into legal English the present document, authorizing as well its publication by any means you deem convenient, what includes the following tenor:

Before the 2nd Civil Court of Vallenar in files over extinct prescription in mining matters, Rol C-719-2011, named Lopehandia Cortes with Minera Nevada SpA, it was presented, without any legal fundamentals an incidence of us abandoning the proceedings and thanks to a iron clad legal defense effected by the writer, as lawyer, the Tribunal rejected it with express and exemplary condemnation in costs-

Said costs pertain to process costs of the Trial and personal expenses effected exclusively by Jorge Rodrigo Lopehandia Cortes.

We are waiting for the illustrious Court of Appeals of Copiapo will confirm such resolution in accordance to law, what is subject to no legal recourse against it, decision which will be issued no further than the end of January 2015.

2. An Iron tight defense was made at the recourse of casacion we presented, before the Excelentisima Corte Suprema de Chile, whereas we seek as first objective to extinguish the mining properties named "Amarillos 1 al 3000" and to declare null the 10,000 pesos contract over the 1996 concessions, property of Mr. Jorge Rodrigo Lopehandia Cortes.

Unda's position: Mr. Hector Mardoqueo Unda Llanos by means of his lawyer Mr. Francisco Rene Valle Pensa in the files Role C-1912-2001 of the 14th Civil Court of Santiago, expressly indicated that he never acted as agent, representative or mandated by Minera Nevada S.A. when he filed his concessions that originated the exploitation concessions "Tesoros One 1 to 30" through to "Tesoros Twelve 1 to 5".

Later before the 2nd Civil Court of Vallenar, by a Notarized Sworn Affidavit, admits that all his acts related to his intervention at Project Pascua Lama Chile, was due to a contractual link that he had with Minera Nevada SpA, what is a contradiction, a mockery to the Superior Justice Tribunals.

2 positions Nieto:

Initially it was indicated that the concessions Tesoros One 1 to 30 to Tesoros Twelve 1 to 5, were located over and above the areas of the mining concessions named Amarillos Sur 1996, the area of greatest geological interest of the Pascua Lama Project, only to fall in contradiction later.

The year 2010 without any legal rights, the decision from the Excelentísima Supreme Court of Chile, was reopened with false testimony, that they ***do not know*** Hector Mardoqueo Unda Llanos.

They confessed to not have mining titles in case Role C-719-2011 from the Second Civil Court of Vallenar, nor constitutive mining property judgment to their name, no certificate of domain, not even a contract or legal mandate from Hector Unda Llanos.

The areas covered by Mr. Lopehandia's mining concessions are the ones of greatest geological importance to the Project, so much so, that such is recognized expressly by Minera Nevada Spa at files of C-1912-2001, before the 14th Civil Court in Santiago.

The only litigant before Minera Nevada Spa and BARRICK GOLD CORPORATION with legal rights over the areas of Mina Pascua Chile, is Jorge Rodrigo Lopehandia Cortes at this date December 18th, 2014, Villar no longer enjoys rights, less OJANCO GROUP or Cristobal Lopehandia Cortes.

Barrick enjoys only salts and nitrates concessions 1978-2014 from LAC MINERALS not legally covering Gold production at areas called AMARILLOS 1 to 3000 at PASCUA LAMA PROTOCOL

The TESOROS concessions continue to be in the legal name of JORGE RODRIGO LOPEHANDIA CORTES at the margin of the titles.

The titles of AMRILLOS SUR 3400 hectares and MARILLOS NORTE 5200 hectares continue in the legal hands of Jorge Rodrigo Lopehandia without marginal annotations from third parties at titles.
