Notes to the Interim Condensed Consolidated Financial Statements (unaudited)

For the three and six months ended February 29, 2024 and 2023

(Expressed in Canadian Dollars)

1. NATURE OF OPERATIONS

Luxxfolio Holdings Inc. (the “Company”) was incorporated under the *Business Corporations Act* (British Columbia) on October 10, 2017. On March 21, 2019, the Company’s shares began trading on the Canadian Securities Exchange (“CSE”), under the symbol LUXX. The head office of the Company is located at 417 – 1080 Mainland Street, Vancouver, British Columbia.

2. GOING CONCERN

These unaudited interim condensed consolidated financial statements have been prepared on a going concern basis which assumes the Company will continue operating for the foreseeable future and will be able to realize a return on its assets and discharge its liabilities and commitments in the ordinary course of its business.

For the six months ended February 29, 2024, the Company realized a net loss of \$73,407 (2023 - \$3,818,550). As at February 29, 2024, the Company had a working capital deficiency of \$168,101 (August 31, 2023 - \$135,912) and an accumulated deficit of \$25,404,048 (August 31, 2023 - \$25,667,345). In assessing whether the going concern assumption is appropriate, management considers all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period.

The Company’s continued existence is dependent upon its ability to raise additional capital, obtain financing and realize revenue and positive cash flows from future operations. Failure to do so would have an adverse effect on the financial position of the Company and its ability to continue as a going concern. These consolidated financial statements do not include any adjustments that would be necessary, should the Company be unable to continue as a going concern. Such adjustments could be material. These material uncertainties cast substantial doubt regarding the Company’s ability to continue as a going concern.

3. BASIS OF PRESENTATION

(a) Statement of compliance

These unaudited interim condensed consolidated financial statements, have been prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”), and interpretations issued by the International Financial Reporting Standards Interpretation Committee (“IFRIC”).

The Company was in the business of mining for digital assets, specifically Bitcoin until the closing of the Company’s mining facility in November 2022. There are many aspects of its business that are not specifically addressed by current IFRS guidance. The Company is required to make judgements as to the application of IFRS and the selection of appropriate accounting policies. The Company has disclosed its presentation, recognition and derecognition, and measurement of digital assets and the related recognition of revenues, significant assumptions, and judgements. If, however, specific guidance is issued by the IASB in the future, the impact on the Company’s financial position and results of operations may be material.

3. BASIS OF PRESENTATION (continued)**(b) Basis of presentation**

These unaudited interim condensed consolidated financial statements have been prepared on a historical cost basis, except for certain financial instruments and digital currencies that have been measured at fair value, on the reporting date. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

The Company lost control of WestBlock Capital Inc. and its subsidiaries ("WestBlock") as well as WestBlock's mining facility assets on November 30, 2022 due to access restrictions imposed by the Navajo Tribal Utility Authority ("NTUA") for non-payment of the unsecured note due May 2024 and the accumulated power supply charges under WestBlock, operator of the facility. Accordingly, the Company has written down its investment in the WestBlock operating subsidiaries and derecognised these in the consolidated financial statements for the year ended August 31, 2023. The Company recognized a loss amounting to \$2,877,530 on the loss of control and deconsolidation of WestBlock during the three months ended November 30, 2022. Any value realized on the disposition of the remaining assets will be recognised at the time of disposition.

(c) Principals of consolidation

Assets, liabilities, income, and expenses of the subsidiaries are included in the unaudited interim condensed consolidated financial statements from the date that the Company gains control until the date that the Company ceases to control the subsidiary. As at November 30, 2023, the unaudited interim condensed consolidated statements of financial position include only accounts of the Company and its wholly owned subsidiary Luxxfolio Networks Inc. All other former operating subsidiaries have not been included as the Company ceased to control these entities effective November 30, 2022.

For the three months ended November 30, 2022 and for the period prior to the loss of control, the unaudited interim condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Luxxfolio Network Inc., WestBlock Capital Inc., WestBlock Hosting Inc.; WestBlock Hosting Arizona Inc., and WestBlock, LLC. All intercompany balances, transactions, unrealized gains, and losses resulting from intercompany transactions have been eliminated on consolidation, as appropriate.

(d) Approval of the unaudited interim condensed consolidated financial statements

These unaudited interim condensed consolidated financial statements were authorized for issue by the Board of Directors on April 29, 2024.

(e) Functional and presentation currency

Transactions and balances in the consolidated financial statements are measured using the currency of the primary economic environment in which the entity operates. These consolidated financial statements have been presented in Canadian dollars ("CAD"). The functional currency of all entities is CAD at February 29, 2024. The functional currency of the US entities was the USD prior to the derecognition of WestBlock.

3. BASIS OF PRESENTATION (continued)**(f) Use of estimates and judgments**

The preparation of these consolidated financial statements in accordance with IFRS requires management to make judgments, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from these estimates. Accounting estimates and assumptions made by management that may result in a material adjustment to the carrying amounts of assets and liabilities include, but are not limited to the following:

(i) Valuation of digital assets

Prior to the loss of control, the Company derived the majority of its revenue from the mining of Bitcoin and held Bitcoin at the comparative reporting date. Bitcoin is considered an identifiable non-monetary asset without physical substance and is treated as intangible assets not subject to amortization under IAS 38 Intangible Assets.

Bitcoin is measured at fair value using the quoted prices provided by Yahoo Finance and are valued at the closing price on the last trading day of the reporting period.

(ii) Fair value of options and warrants

The fair value of equity instruments is subject to the limitations of the Black-Scholes option pricing model, as well as other pricing models that incorporate market data and involve uncertainty in estimates used by management in the assumptions. Because option pricing models require inputs of highly subjective assumptions, including the volatility of share prices, changes in subjective input assumptions can materially affect the fair value estimate.

(iii) Business combinations

In business combinations transacted by the Company, identifiable assets acquired, and liabilities assumed are recorded at their fair values. In determining the allocation of the purchase price in a business combination requires management to make certain judgements and estimates about future events, including but not limited to future revenues, future digital asset prices and future operating costs.

(iv) Business acquisitions

Management determines whether assets acquired, and liabilities assumed constitute a business. A business consists of inputs and processes applied to those inputs to create outputs of measurable value. The Company completed the acquisition of WestBlock Capital Inc. in June 2021 which was determined to be a business combination and was accounted for under IFRS 3 (*Business Combinations*).

For the three and six months ended February 29, 2024 and 2023

(Expressed in Canadian Dollars)

3. BASIS OF PRESENTATION (continued)

(f) Use of estimates and judgements (continued)

(v) Going concern assumption

The assessment of whether the going concern assumption is appropriate requires management to consider all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period.

(vi) Depreciation of mining equipment

The measurement of the estimated useful economic life of the specific use computers (Miners) used in the mining of Bitcoin requires judgement in determining the impact of the future Miner generation's ability to achieve higher processing speeds while reducing power requirements. Previous generations of these Miners have been subject to considerable obsolescence in the past resulting in short duration economic life. The actual future technological advancements of the Miners may differ from previous experience, and accordingly impact the financial results of the Company.

(vii) Income taxes

The measurement of income taxes payable and deferred income tax assets and liabilities requires management to make judgements in the interpretation and application of the relevant tax laws. The actual amount of income taxes only becomes final upon filing and acceptance of the tax return by the relevant tax authorities, which occurs subsequent to the issuance of the consolidated financial statements.

(viii) Research and development expenditures

Costs to develop the Company's platform are capitalized to the extent that the criteria for recognition as intangible assets in IAS 38 *Intangible Assets* are met. Those criteria require that the platform is technically and economically feasible, which management assesses based on the attributes of the development project, perceived user needs, industry trends and expected future economic conditions. Management considers those factors in aggregate and applies significant judgement to determine whether the platform is feasible. The Company has not capitalized any research and development costs as at February 29, 2024.

(ix) Impairment of non-financial assets and goodwill

Impairment exists when the carrying value of an asset exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. These calculations are based on available data, other observable inputs, and projections of cash flows, all of which are subject to estimates and assumptions. Recoverable amounts are also sensitive to assumptions about the future usefulness of in process development and contractual rights to use inputs for these assets.

4. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies of the Company remain unchanged and are consistent with those described in the audited consolidated financial statements for the years ended August 31, 2023 and 2022.

5. DIGITAL ASSETS – HELD IN CUSTODY

As at February 29, 2024, the Company held no digital assets. During the six months ended February 28, 2023, the Company held Bitcoin, Ethereum, and Filecoin as its digital assets in segregated custody vaults with Anchorage Digital Bank NA, a US federally chartered digital bank and registered custodian. The digital assets are recorded at their fair value on the date they are received as revenues and are revalued at their current market value at each reporting date. Fair value is determined by taking the closing price listed on Yahoo Finance at the reporting date.

The continuity of digital assets is as follows:

On November 30, 2022, the Company was advised that access to its New Mexico Mining Facility had been restricted by NTUA, the provider of power to the facility and as a result the Company lost the control of its subsidiaries.

7. RELATED PARTY TRANSACTIONS

During the six months ended February 29, 2024, the Company did not incur any related party transactions.

During the six months ended February 28, 2023, the Company incurred management fees of \$45,000 from a company controlled by a former director of the Company and a former director of the Company's subsidiaries. During the same period, the Company incurred consulting fees of \$77,917 by an officer of the Company for key management functions.

On November 2, 2022, CHP Agent Services Inc. ("CHP") ceased to be a related party following the resignation of Kelly Klatik, a director of CHP Agent Services Inc., from the Board of Directors of the Company.

On December 1, 2021, the Company, through its wholly owned subsidiary WestBlock, entered into a senior debt facility (the "Senior Debt Facility") to refinance three existing loan facilities with CHP, a related party. On October 28, 2022, the Company repaid \$1,100,000 to CHP, its principal lender and a related party. Total interest paid on the Senior Debt Facility amounted to \$82,021 during the six months ended February 28, 2023.

Senior Debt Facility

On December 1, 2021, the Company, through its wholly owned subsidiary WestBlock, entered into a senior debt facility (the "Senior Debt Facility") with CHP Agent Services Inc. ("CHP"), a related party. The Senior Debt Facility replaced the existing asset-backed facilities with CHP. During the six months ended February 28, 2023, the company paid a total of \$82,021 in interest expenses relating to the Senior Debt Facility.

The Senior Debt Facility carries the following terms:

- Available loan proceeds established at \$3 million;
- The facility term is 24 months following the closing date;
- Security provided by WestBlock and two of its subsidiaries (collectively the "WestBlock Group") consisted of a general security agreement on WestBlock Group assets and a first charge on cryptocurrency mining equipment and cryptocurrency units;
- A variable interest rate between 16% and 13% that decreases as the total collateral coverage increases in relation to the total debt outstanding; and
- A facility fee amounting to 0.75%

On October 28, 2022, the Company repaid \$1,100,000 to CHP, its principal lender and a related party.

On December 8, 2022, the Company received a notice of default under the Senior Debt Facility with CHP citing deteriorating industry economic conditions and collateral valuation deficiencies. The notice of default demanded immediate repayment of the outstanding loan balance of \$1,155,005.

A settlement agreement was concluded between the Company and CHP on January 16, 2023. The terms of the settlement agreement provided that in exchange for full and final settlement of all debt obligations and security charges with CHP, the Company would pay \$99,546 USD on behalf of WestBlock Capital Inc. and certain of its subsidiaries, as well as transfer its right, title and interest in the immersion equipment, the collateralized Bitcoin miners and certain mining equipment to CHP. As a result of this settlement, the Senior Debt Facility and all related obligations and security interests have been terminated.

9. SHARE CAPITAL**(a) Authorized**

Unlimited number of common shares without par value.

(b) Issued and outstanding

During the six months ended February 29, 2024 and 2023, the Company did not issue any common shares.

9. SHARE CAPITAL (continued)**(c) Share purchase warrants**

During the six months ended February 29, 2024 and 2023, the Company did not issue any share purchase warrants.

Share purchase warrant transactions and the number of share purchase warrants outstanding are summarized as follows:

	Number of Warrants	Weighted Average Exercise Price
Outstanding, August 31, 2022	31,193,255	\$0.48
Outstanding, February 28, 2023	31,193,255	\$0.48

Outstanding, February 29, 2024	12,500,000	\$0.21

The weighted average contractual life of share purchase warrants outstanding as at February 29, 2024 was 0.27 (2023 – 0.79) years.

(d) Compensation Options

The Company did not issue any Compensation Options during the six months ended February 29, 2024 and 2023.

In connection with the underwritten public offering closed on December 7, 2021, the Company issued 796,050 compensation options to the Underwriters ("Compensation Option"). Each Compensation Option will entitle the holder to purchase one unit (a "Compensation Unit") at an exercise price of \$0.70 per Compensation Unit. Each Compensation Unit will comprise one common share and one-half of one share purchase warrant (each such whole warrant being a "Compensation Warrant", totaling 398,025 Compensation Warrants). Each Compensation Warrant will entitle the holder to acquire one Common Share at an exercise price of \$1.00 per share for a period of 18 months after the closing of the public offering of units. The Compensation Options granted were accounted for at their fair value determined by the Black-Scholes option pricing model with the following weighted average assumptions:

	Common share component	Compensation Warrant component

10. FINANCIAL INSTRUMENTS AND DIGITAL ASSETS

(a) Fair value

The Company provides information about its financial instruments measured at fair value at one of three levels according to the relative reliability of the inputs used to estimate the fair value:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company determined that the carrying value of cash and accounts receivable approximate fair value due to relatively short period to maturity. The investment in the private company is tested for impairment annually and the carrying value reflects the net realizable value of the investment.

Digital assets are revalued using quoted prices provided by Yahoo Finance and are valued at the closing price on the last trading day of the reporting period. The Company considers this to be Level 2 fair value.

(b) Credit risk

Credit risk refers to the potential that a counterparty to a financial instrument will fail to discharge its contractual obligations. The Company manages credit risk, in respect of its cash and funds held in trust by placing its cash balances at a recognized major Canadian and US financial institutions.

Digital assets are held only in the custody vaults of Anchorage Digital Bank NA, a US federally chartered digital asset bank and registered custodian. The Company does not self-custody its Bitcoin assets

(c) Liquidity risk and Working Capital deficiency
